SECTION 1: PREREQUISITES

1. General

a. The TY 2022 Flight Board will establish an Order of Merit List (OML) for potential Commissioned and Warrant Officer Applicants. Eligibility is restricted to service members who qualify to attend Warrant Officer Candidate School (WOCS), commissioned officers, current Officer Candidates, and current ROTC students who are scheduled to graduate and commission prior to **June 2022**. The board will construct an OML and make notifications to the applicants.

(1) Enlisted Soldiers who are selected for a Warrant Officer position must attend and complete WOCS. This includes the Distance Learning (DL) portion, which must be completed prior to attending.

(2) Upon completion of WOCS, the individual(s) will be provided a letter of eligibility, which will be valid for two years.

b. At this time, the WYARNG will be boarding both Commissioned and Warrant Officers applicants. The OML will establish a list of potential individuals. The OML will remain valid through the duration of TY 2022 and 2023 or until the OML is exhausted or another selection board is held. This OML may be integrated with subsequent Board recommendations based on the number of applicants. Applicants not selected may reapply for subsequent boards.

(1) The individual(s) must be prepared to take advantage of a shortfall flight school date if one comes available.

(2) OML selection, including completion of WOCS, does not guarantee that a soldier will be able to attend flight school. It does provide a pool of candidates when the State is allocated a flight school slot and prepares the selected individuals for attendance at the course.

c. Applicants must score a minimum of 40 on the Selection Instrument for Flight Training (SIFT) test. One retest is allowed 180 days after a failure. Contact WY-DSCPER-Education, CPT VanNuys at 307-772-5069 or victoria.p.vannuys.mil@mail.mil for testing information. FAQs relating to the SIFT may be found online.

d. Applicants must possess a **minimum GT score of 110**. Retesting is authorized. Contact WY-DSCPER-Education, CPT VanNuys at (307) 772-5069 or victoria.p.vannuys.mil@mail.mil for testing information.

e. Applicants may not be older than **33 prior to November 2021**.

f. Applicants must meet Army physical fitness and height/weight standards.

2. Medical

a. Applicants shall be medically qualified IAW AR 40-501 to include:

(3) Hyperopia no greater than + 3.00 diopters.

b. A Class 1A Flight Physical must be scheduled through the soldier's unit. Physicals are scheduled with the Medical Readiness Branch of DCSPER. At the Commander's discretion, the soldier may SUTA during a regular drill period to complete the flight physical.

c. A Ft. Rucker stamped medically qualified Class 1A Flight Physical must be obtained **NLT December 2021** to maintain standing on the OML. Physicals are valid for a period of 18 months from the approval date. A current physical must be maintained throughout the duration of the eligibility period.
